

## SENATE PASSES THE BONUS BILL

Vote 47 to 22, But Presidential Veto Is Expected

### 33 AGAINST MEASURE

To Cost \$3,845,659,481—Conferees Expected To Be Same As Those On Tariff; Early Report Probable.

Washington.—The \$4,000,000,000 soldiers' bonus bill was passed by the Senate and now goes to conference. The vote was 47 to 22, with party lines wiped out.

The Treasury apparently is confident that the President will veto the bill. High officials indicated that the President had not changed from his announced intention to disapprove any bonus legislation which does not carry with it the means of raising the revenue needed, and the measure passed by the Senate, the Treasury officials say, does not meet that requirement.

The roll call follows:

For the Bonus.—Republicans—Brandagee, Bursum, Cameron, Capper, Colt, Cummins, Curtis, Gooding, Hale, Jones of Washington, Kellogg, LaFollette, Lenroot, Lodge, McCormick, McCumber, McLean, McNary, Nicholson, Oddie, Rawson, Shortridge, Stanford, Sutherland, Townsend, Watson of Indiana and Willis—27.

For the Bonus.—Democrats—Ashurst, Broussard, Culberson, Fletcher, Gerry, Hefflin, Hitchcock, Kendrick, McKellar, Pittman, Pomerene, Ransdell, Reed of Missouri, Robinson, Shepard, Simmons, Smith, Trammell, Walsh of Massachusetts and Walsh of Montana—20. Total, 47.

Against the Bonus.—Republican—Ball, Borah, Caulder, Dillingham, France, Frelinghuysen, Keyes, Nelson, New, Phillips, Reed of Pennsylvania, Smoot, Sterling and Wadsworth—15.

Against the Bonus.—Democrats—Dial, Glass, Myers, Shields, Swanson, Underwood and Williams—7. Total, 22.

Three Senators were present and unable to vote because of pairs and 24 Senators—16 Republicans and 8 Democrats—were absent. Pairs were announced as follows:

Harrell, for; du Pont, against. Stanley, for; Ernest, against. Jones of New Mexico, for; Fernald, against.

Harris, for; Page, against. Spencer, for; Newberry, against. (Newberry present and not voting.) Overman, for; Warrane, against. (Warren present and not voting.) Johnson, for; Watson of Georgia, against. (Watson present and not voting.)

Harrison, for; Moses, against. Foidexter, for; King, against. Norbeck, for; Pepper, against.

Absentees who were without pairs were Caraway, for; Elkins, for; Ladd, for; McKinley, for; Norris, for; Owen, against; Weller, position not announced.

This line-up showed 33 Senators against the bill, or a sufficient number to prevent its passage in the event President Harding vetoed it, as many now believe he will. The roll call, however, showed one more than a two-thirds majority of those present and voting in favor of the bill.

Immediately after the passage of the measure, the Senate directed that it be returned to the House with a request for a conference. Representative Mondell of Wyoming, the Republican leader, said the House would send it to conference under a special rule.

The Senate conferees named are those who now are working on the tariff bill, and the House is expected also to appoint its managers on the tariff measures. Since there is no serious dispute between the two Houses on the bonus the conferees are expected to lay aside the tariff long enough to agree to a report on the bonus.

Four hours of debate preceded Senate action, with Senators Lodge of Massachusetts, the Republican leader; Pomerene, Democrat, of Ohio; Reed, Democrat, of Missouri; Sutherland, Republican, of West Virginia; Trammell, Democrat, of Florida; and Hefflin, Democrat, of Alabama, arguing in support of the measure, and Senators Sterling, Republican, of South Dakota; Owen, Democrat, of Oklahoma; and Watson, Democrat, of Georgia, opposing it.

Neither Senators nor spectators manifested particular interest in the proceedings as the discussion proceeded, but just before the vote came, at 3 P. M., both the Senate Chamber and the galleries filled quickly. With the announcement of the result there was applause from spectators, particularly from one section of the galleries where there were a number of service men. No effort was made to prevent this demonstration.

Government experts estimate the total cost of the bonus at \$3,845,659,481, on the basis of 75 per cent. of the veterans electing the certificate plan, 22 1/2 per cent. the farm and home aid and 2 1/2 per cent. vocational training.

#### STRIKER SHOT TO DEATH.

He And Two Other Men Attacked Shop Worker.

Cleveland, Ohio.—Matthew Strazisar, 21, a striking bolshemake of the New York Central Railroad, was shot to death after, police say, he and two other men seriously shot Peter S. Schweisthal, 45, a cabinetmaker in the Collingwood shops. The fight is said to have followed intimidation of Schweisthal by strike sympathizers. Two suspects are being held by the police.

This cost would be divided annually as follows:

1923.	\$ 77,440,889	1933.	\$ 18,503,421
1924.	\$ 92,177,729	1934.	\$ 18,788,137
1925.	\$ 73,100,962	1935.	\$ 19,136,157
1926.	\$ 370,229,885	1936.	\$ 19,488,037
1927.	\$ 148,962,215	1937.	\$ 27,405,210
1928.	\$ 137,564,284	1938.	\$ 27,854,752
1929.	\$ 92,176,417	1939.	\$ 28,409,290
1930.	\$ 36,372,946	1940.	\$ 13,991,518
1931.	\$ 25,466,117	1941.	\$ 7,783,804
1932.	\$ 21,956,771	1942.	\$ 104,498,263
Total to 1943.	\$ 1,136,741,670	1943 to 1946.	\$ 2,708,917,811
Total.	\$ 3,845,659,481		

This total is exclusive of any appropriations that would be made under the \$350,000,000 land reclamation provision, but under that provision the Government finally would recover those costs. The total of the certificate plan is placed at \$3,364,909,481; farm and home aid, \$412,425,000; vocational training, \$52,325,000, and cash payments to veterans receiving \$50 or less, \$16,000,000.

## GENERAL STRIKE AS COUNTER MOVE

To Injunction Secured by Government

### ORDER GRANTED IN CHICAGO

Gompers Says Question of Walkout In Protest Against "Government By Injunction" Will Go Before Federation's Executive Council.

Washington.—On application by Attorney General Daugherty, the Federal District Court at Chicago issued a temporary injunction restraining the six striking railroad shopcrafts unions, their officials and members from interfering in any way with the operation of the railroads and their properties. The order, which specifically enjoins the strikers from picketing, will remain in force until September 11, pending hearing on the Government's application for a permanent injunction.

The executive committee of the Railway Employees Department of the American Federation of Labor announced that enforcement of the injunction against lawlessness and violence would be aided by every power of the shopcrafts organization.

President Samuel Gompers of the American Federation of Labor stated in Washington that the question of a general strike in protest against "government by injunction" would be laid before the Federation's executive council by him. He said that the body of which he is head would continue to raise funds and supplies in aid of the strikers regardless of the injunction. He asserted that the injunction was "outrageous" and an "invasion of the constitutional rights of the workmen." He added that injunctions invading the constitutional rights should be treated as "scraps of paper."

Officials of the Federated Shop Crafts declared that the shopmen's strike would go on, and that they would not abandon their attempts to make it effective.

At the White House it was declared that if it finds "other steps necessary," the Federal Government will not stop with the restraining order issued at Chicago. The impression was given that the Administration would use all of its power to restore normal conditions in industry.

#### CHARGES FRENCH CENSOR MAIL.

Admiral Osterhaus Will Complain To State Department.

New York.—Charging that the French were censoring the mail of American citizens visiting in the French zone of occupation in Germany, Rear-Admiral Hugo Osterhaus, U. S. N., retired, announced upon his arrival on the Reliance that he would go at once to Washington to lodge a formal protest with the State Department.

Admiral Osterhaus, who emerged from his retirement to serve with the American navy during the war, declared that several letters addressed to him at Bonn and Duisburg, where he went to visit his sisters, had been opened. Several other letters addressed to him never were received, he added.

#### NAVY SINKS GERMAN U-111.

Fulfills Treaty Obligations On Surrendered Submarines.

Washington.—Carrying out the strict letter of the treaty agreement to sink surrendered German submarines in deep water, the navy has sent the notorious U-111 to the bottom of the sea off the Winter Quarters shoal lightship on the Virginia Coast.

Several months ago, when the navy started to sink the U-111, she sprang a leak while being towed to the ocean graveyard and sank in Lynnhaven Roads, inside the Virginia capes. At great expense she was raised and patched up, and yesterday finally was taken out to sea by the minesweeper Falcon, which opened the hatches of the captive and then sent her down with a depth charge.

#### RADICALS DENIED LOWER BAIL.

Prisoners Arrested In Michigan To Be Examined September 8.

St. Joseph, Mich.—Efforts to bring about a reduction in the bonds of the 17 alleged Communists held in the county jail on charges of criminal syndicalism, following the alleged radical meeting in the woods near Bridgman recently, failed. Circuit Judge Chase E. White refused to lower the bonds of \$10,000 each, and the men remained in jail.

## HARD COAL MINES REOPEN

Scale Committee Meet to Ratify Agreement

### NORMAL PRODUCTION SOON

Hoover To See Operators To Arrange For Distribution And Price Limitation—New Contracts.

Philadelphia.—Anthracite miners and operators, having settled their wage differences after more than five months of controversy, every effort will be made to start production of coal as soon as possible. The scale committee summoned Sunday went into session here to consider and approve the agreement reached Saturday and to call a delegate convention of miners at Wilkes-Barre to ratify the new pact formally.

It was the first time in the history of anthracite wage negotiations that miners have met on a Sunday, the precedent being broken in order to get quick action. Leaders expressed the opinion that the hard-coal mines would be in operation by the first of next week and that normal production would be quickly reached. The production is estimated at about 40,000,000 tons behind last year.

Members of the scale committee arrived here Sunday without any definite knowledge of the final agreement. This was due to the fact that the announcement of the settlement was made so late Saturday night that the information did not reach the committee before they left for this city. The agreement met with the general approval of most of the committeemen and no difficulty was anticipated by them in having the convention ratify the new pact.

After the agreement is finally approved operators and miners will meet and formally sign a contract. The date of the expiration of the new contract is rather an odd one as viewed by the mine workers. Heretofore all contracts have expired on March 31, which, in the coal industry, is the end of the coal year when contracts between producers and large consumers generally expire. It is also the shortest contract proposed since the operators have been dealing with the United Mine Workers of America.

#### SECRETARY HOOVER TO MEET OPERATORS THIS WEEK.

Washington.—Secretary Hoover will go to Philadelphia for a conference with anthracite coal operators and members of the Pennsylvania State Fuel Commission, relative to the distribution of anthracite and price limitations with the resumption of operations.

It is the intention to hasten shipments of anthracite to New England, New York and New Jersey as quickly as the mines reopen. Shipments also will be made to the North West to satisfy demands, there via Buffalo and the Great Lakes ports. It is anticipated that priority will be granted hard coal for household purposes.

At present no means exists for a regulation of the anthracite prices by the Federal Government, as all the hard coal is mined in Pennsylvania. The problem is a State matter until the coal gets into interstate commerce. Officials hope the Cummins bill for the control of prices through the Interstate Commerce Commission will be adopted this week, in which case the Federal Government can keep check on all coal shipped between the States and embargo the profiteering mines.

#### ARREST GERMAN OFFICIALS.

Had Failed To Surrender Slayers Of Two Soldiers.

Brussels.—The Mayor and Chief of Police of the town of Ober-Cassel, in Belgian occupied territory, were arrested by Belgian military authorities in pursuance of the ultimatum giving the German authorities six hours to surrender the persons who shot and killed two Belgian soldiers.

The ultimatum declared that if the surrender did not take place in the specified time the authorities themselves would be arrested and this threat was made good.

The Rhineland high commission has forbidden the citizens of Ober-Cassel to be on the street between 8 P. M. and 6 A. M. and troops are patrolling the town.

#### EX-EDITOR JAILED FOR FRAUD.

Tampa, Fla.—J. K. Wandler, former editor and publisher of the Florida Post, was brought here from Orlando in custody of a Federal marshal, charged with having used the mails to defraud.

The charge was said to have arisen from transactions in the sale of stock of the Florida Post and also in connection with the newspaper contest operated by the newspaper several months ago. Failing to make bond, Wandler was placed in jail pending a preliminary hearing before United States Commissioner Cone. The Post discontinued publication several weeks ago.

#### NORTHCLIFFE DISPUTE ENDS.

Opposing Will Claimants Agree On Settlement.

London.—The Daily Express says it understands that owing to the intervention of Viscount Rothermere, brother of the late Lord Northcliffe, the legal dispute over the two wills of Lord Northcliffe has been settled at a meeting of representatives of the contending parties, who agreed upon a course of action. This action now merely awaits confirmation by the courts.

## TEXT OF AGREEMENT ACCEPTED BY OPERATORS AND MINERS.

The terms of the proposal accepted by both the anthracite miners and operators to end the strike are as follows:

1. The contracts in force March 31, 1922, to be extended to August 31, 1923.

2. The production of coal to begin at once.

3. The organization of operators and miners to join in a recommendation to Congress that legislation be forthwith enacted, creating a separate anthracite coal commission, with authority to investigate and report promptly on every phase of the industry.

4. The continuance of production after the extension date, to be upon such terms as the parties may agree upon in the light of the report of the commission. The sub-committee of the general policies committee of the anthracite operators to be authorized to enter into an agreement with the officials of the United Mine Workers, embodying the proposals above quoted.

## U. S. SERVANTS RIGHT TO STRIKE

Distinction Between Federal and Private Employees

### WARNS POSTAL WORKERS

Organization For Purpose Of Increasing Salaries Is Titled Distinction—Distinction Drawn.

Boston.—The "wide distinction between the rights of industrial operatives and the corresponding rights of Government servants" was emphasized here by First Assistant Postmaster General Bartlett in an address before the annual convention of the National Association of Postoffice Laborers.

"Postal workers," he said, "may organize for the public good and for their mutual benefit, but no group of men and women anywhere at any time has a right to organize against the Government itself. I do not charge that any have, but I do believe that there are those who can see no difference between the Government as an employer and a corporation. To them I sound a warning that the people of the United States in the last analysis will be found intensely jealous of the rights and powers of their Government."

"Suppose all office-holders, including Congress and all workers for the Federal Government organized and used their organization for increasing their own salaries and for personal gain. What would happen to the country? This is said merely to stress the distinction between public service and private employment."

"Being enlisted in the civil army of our great Government is an honor and a distinction, linked with obligations which forbid our comparing our lot and gauging our conduct with those who labor for profit-making industries and corporations. There is a distinction between our relations and their relations as wide as the ocean."

"The people through their chosen representatives fix our pay by law and prescribe our place in the great governmental organization. We cannot agree to strike in order to break down the government without being guilty of disloyalty and conspiracy."

"The Government's civil organization cannot be disrupted by failure of friction at any point. Whoever will not take his place and do his allotted task on the great ship of state must give way to loyal men who will. Let your influence and example be used not to agitate and alarm, but to foster co-operation without which we fail."

#### IRON PRODUCTION INCREASES.

Youngstown Mills Operating More Extensively.

Youngstown, Ohio.—Independent steel mills in the Youngstown district will open next week with their iron production increased to 50 per cent. over last week, it was shown in announcements of operating schedules. Eighteen blast furnaces will be operating against 12 last week. With more iron in sight steel production also will increase with 42 open hearth furnaces in operation as against 31 last week, and a Bessemer plant idle last week against producing steel.

#### INVITES STRIKERS TO RETURN.

Springfield, Ill.—Striking shopmen were invited to return to work on the Chicago and Alton Railroad as employees of the Government by Federal Judge Fitzhugh, who is presiding at the trial here of 26 alleged injunction violators. Judge Fitzhugh promised to any strikers who return to work the benefit of any concessions that may be won in the nation-wide strike. He also ordered 25 additional deputy United States marshals to Bloomington to protect the shops there.

#### R. R. MEN LOST IN FIRE.

Baltimorean Only One Of Victims Identified.

Pittsburgh.—Seven car repairmen recently employed, were burned to death, 10 men were injured, several severely, and property loss of \$220,000 was wrought by fire which started at dawn in a bunkhouse in the Thirtieth street yards of the Pennsylvania Railroad and swept through the building with almost incredible speed. Nearly all the bodies were charred beyond recognition.

A VAST DIFFERENCE

"To appreciate what a difference

exists to-day in the pay of vari-

ous grades of workers one illustration

may suffice.

In the Chicago market September

wheat sold on Thursday for 98 3-8 cents

a bushel. That is not the price the

farmer gets, but the amount paid for

the wheat in Chicago, transportation

charges included.

In some instances in Philadelphia

plasterers are receiving from \$16 to \$20

a day, and full-fashioned hosiery work-

ers almost as much.

The average yield of American wheat

is approximately sixteen bushels an

acre, so the workman who receives \$16

a day gets more in one day than the

farmer gets gross from an acre of

wheat in a year.

To put it another way, the worker

who gets \$16 a day for his services and

labors 250 days a year receives more in

net income than the farmer does gross

from 250 acres of wheat.

If you ever plowed, harrowed, culti-

vated and reaped 250 acres of wheat

land—approximately two-fifths of a

square mile—you would understand fully

the labor entailed and the hazards.

The farm represents a capital invest-

ment in land, in farm animals, in farm

machinery and other things.

The plasterer or full-fashioned hosiery

worker has no capital investment."—

STEEL WAGES UP 20%

THE condition of the steel industry

is the barometer of national pros-

perity, and the recent increase of 20

per cent. in the wages of day laborers

by the United States Steel Corporation

shows that the business is booming and

its prospects are exceedingly bright.

But the increased wage to the steel

workers, with all the indirect benefit

that will come to others, will be lost if

the rail workers are successful in their

attempt to tie up or seriously interfere

with transportation. The supply of

coal to the steel mills must be constant

and the shipment of their products to

market must be dependable or they

must shut down their plants. Already

many furnaces in the steel region have

been closed for lack of fuel. It is up to

the rail strikers whether the steel work-

ers are going to be denied millions of

dollars in wages.

STANDING PAT

WITH practical unanimity the rail

executives are standing pat on

their refusal to restore seniority rights

to striking employees. They should have

the public solidly behind them. A sur-

render on the seniority issue would

mean that workers may strike with im-

punity so far as their seniority privi-

leges are concerned, and that the men

engaged to fill their places can have no

assurance of permanent employment.

A surrender would mean that the slight-

est provocation in the future would be

attended by similar walkouts, with no-

body willing to accept merely tempo-

rary employment during the emergency.

Watermelons and cantaloupes have not turned out well in this part of the country this year because of a blight, although there was more spraying than usual when this disease was noticed.

Farmers will begin in earnest in a few days to move the sweet potato crop which is not as large as that of former years. The tubers however are of fine quality and should net the grower handsome returns.

A local resident who was touring through Rhode Island bought four Delaware peaches for 25 cents. If the average peach grower here could get half that much for a single seasons crop he could retire for life.

School opened here on Tuesday with Prof. John Riley, of Seaford, as principal. Mrs. Joseph Pritchard, Miss Katherine Ratledge, Miss Miriam Hutchison and Miss Reba Rittenhouse composing the teaching staff.

Never were there so many crabs along the streams near this place, and the opinion prevails that there should be no reason why people should not have all they want. They have been available in any quantity at 10 cents per dozen.

Henry Pearson visited his nephew, Clarence Pearson, at the Anderson Hotel, Philadelphia on Sunday and found him improving, although still very weak. The young man has been in hospital for four weeks recovering from an appendicitis operation.

Far from the reed bird opened on Friday here. Local hunters say that the birds are not as plentiful as they were in the spring. Reports indicate that the birds are not as plentiful as they were in the spring. Reports indicate that the birds are not as plentiful as they were in the spring.

A number of folks in this neighborhood are attending the State Fair at Elsmere, and report the racing very good. The exhibit of stock was the best in years. One hog owned by a party in lower Delaware weighed 935 pounds.

After being confined to his room for six weeks, Mr. I. J. Wood was able to be moved to the home of Mrs. Wood's mother, in Middletown. Mr. Wood had the misfortune to fall from an apple tree, fracturing one ankle and breaking a bone in the other. His many friends are glad to know he is improving and hope to see him attending to business before a great while.

J. W. Kane and wife and Miss Kathryn have returned home, after a week's visit with Mrs. Kane's sister in Laurel. While there they spent a day at Ocean City, Md., and Oak Orchard, also visited a duck farm where the owner had 5,000 ducks. They are the white Pekins which sell for two dollars each.

One order a few weeks ago was for 500 ducks, at the same time selling \$500 worth of feathers. These ducks eat 84 bushels of grain a day.

## The Ideal Purgative

As a purgative, Chamberlain's Tablets are the exact thing required. Strong enough for the most robust, mild enough for children. They cause an agreeable movement of the bowels without any of that terrible griping. They are easy and pleasant to take and agreeable in effect.

I have just received a complete line of early Fall hats in Velvets, Velours and Felts, all the newest shades. Call and look over my stock.

## The Key That Unlocks The Door to Long Living

The men of eighty-five and ninety years of age are not the rotund, well-fed, but thin, spare men, who live on a slender diet. Be as careful as he will, however, a man past middle age will occasionally eat too much or of some article of food not suited to his constitution, causing indigestion or constipation and will need a dose of Chamberlain's Tablets to move his bowels and invigorate his stomach. When this is done, there is no reason why the average man should not live to a ripe old age.

# School Days! School Days!

THEY begin once more September 11th. In response to our School ad. of last week many mothers availed themselves of the opportunity afforded by FOGEL'S properly to fit out their children for their School duties. We are naturally pleased at this flattering reception of our efforts.

It has kept us very busy for the last ten days attending to their various wants.

Now with the other new goods just being added to our stocks, we are more than ever fitted to meet every want of their children about to attend the Fall Schools.

Our stocks all new, fresh goods, comprise articles that look well and wear well too; so, fitted out At FOGEL'S, the student can do his or her work with the highest success. Moreover, we are offering all these fine new goods for prices surprisingly low.

Therefore, we invite every mother with boys or girls about to enter upon their Fall and Winter school duties, to call and carefully inspect our large stocks. We feel sure we can offer you just the things you want and we will be glad to show you our stocks. Try us.

These articles are far too numerous to allow us to mention more than a few: Boys Suits, Blouses, Shirts, Caps, Pants, Shoes and Hosiery and everything for the girls, Dresses, Skirts, Blouses, Shoes and Hose, Sweaters, &c.

We are also daily receiving our new Autumn and Winter goods and are now in a position to meet the wants of every member of the family adults as well as Children.

MIDDLETOWN, DELAWARE

# PIGGLY WIGGLY ALL OVER THE WORLD

was not created over night. Piggly Wiggly, as it is being introduced to Delaware represents the efforts of leading merchandise experts from many States during the past six years. During this time Piggly Wiggly stores have grown in number from ONE in Memphis, Tennessee, in 1916, to nearly 1600 in 394 cities in 43 States. They are now doing a business that amounts to approximately \$7,000,000 monthly.

The profits of the Piggly Wiggly corporation are large, because of the low overhead cost permitted by the "Wait on yourself" method of handling customers, the large buying power and the locations chosen.

The reasonable profits and frequent turnover permit liberal and regular dividends payable to the stockholders of Piggly Wiggly.

Piggly Wiggly is now incorporated in Delaware, has become a part of Delaware, and will open about 30 stores in Delaware. Therefore, we feel reasonably sure of the successful growth of Piggly Wiggly in Delaware.

HAVE YOU BOUGHT A PART OF PIGGLY WIGGLY? If not—there is still time. We invite you to investigate. If you will phone Mr. E. R. Gibbons, at the Middletown Hotel, he will gladly introduce Piggly Wiggly to you.
